### *Moving What Moves America®*

Magellan owns the longest refined products pipeline system in the country. We can tap into nearly 50% of the nation's refining capacity and store more than 100 million barrels of petroleum products, such as gasoline, diesel fuel and crude oil.

*Moving What Moves America®* is more than just our motto - it represents who we are and our commitment to safely and reliably deliver the essential fuels that our nation relies on each day. We take this responsibility seriously, while remaining focused on creating long-term value for our investors.
